### Denouncing Oil Pollution in Nigeria

Nigeria is Africa's largest economy and biggest oil producer. Despite oil exports worth billions of dollars, millions of Nigerians remain in poverty and face food insecurity. In the south, pollution and contamination by the oil industry are causing great hardship.

Development and Peace — Caritas Canada's partner Health of Mother Earth Foundation (HOMEF) defends farmers' rights and helps protect their lands. To learn more about the work of HOMEF, read our Mini-magazine and watch the video at [devp.org/lent](http://devp.org/lent).

### Training Next-generation Farmers in Indonesia

In rural Indonesia, young people are abandoning agriculture to work in cities. Over time, this could threaten food sovereignty.

Our partner PAYOPAYO empowers village communities to work together to find solutions to common challenges related to agriculture, food, energy, natural resource management and the engagement of youths, especially women.

This Lent, meet our solidarity visitor Karno Batiran, the executive director of PAYOPAYO. Learn more at [devp.org/lent](http://devp.org/lent)
